The improved Infyna Chic™ Intermittent Catheter

We're committed to improving the self-catheterization experience for the women who choose us, which is why we're introducing some subtle yet significant changes.

Delivering even more comfort and confidence – for your peace of mind.

What our users love

Our discreet, aesthetically pleasing design offers a sense of normalcy, without constant reminders of medical concerns. It's beautiful and easy to use.

- Flip-top cap on catheter case is easy to open and close with just one hand
- Easy to grip and remove catheter from case
- Prehydrated hydrophilic catheter is ready to use right out of the case
- Reseal case after use and dispose of without leaks or odor, confidently and hygenically

So what's improved?

- 1. More lubricious coating**
for more comfortable insertion.
- 2. Longer catheter tube**
for confident, full bladder drainage.

5.5" overall length

- 3. Clear tube**
to aid visualization.

Better for you, better for the environment

As a single-use product, it's important any improvements we make also use more sustainable materials – making a positive impact on the environment and our users.

The Infyna Chic™ catheter:

Is free from PVC

Has a fully recyclable case

Is made with 11% less plastic

“*Infyna Chic allows me to go walking 13 miles, climb up mountains and swim in the river without any issues. It gives me the freedom to empty my bladder when I need to, like anybody else and nobody knows any different.*”
