

MATERIAL SAFETY DATA SHEET

Section 1 – Product and Company Information

Restore Wound Cleanser

Product Code: 9975 (8 oz.), 9976 (12 oz.)

Product CAS Number: Mixture

Company Information:

Hollister Incorporated
2000 Hollister Drive
Libertyville, IL 60048

Product Safety Information:

Contact : Anne Riba
Phone: (847)680-1000

Section 2 – Hazards Identification

No known hazardous ingredients as defined in 29 CFR 1910.1000 are contained in this product.

Section 3 – Composition / Information on Ingredients

Water	Methylparaben
Poloxamer 188	Ethylparaben
Potassium Phosphate Monobasic	Butylparaben
Phenoxyethanol	Propylparaben
Sodium Chloride	Isobutylparaben
Sodium Hydroxide	

Section 4 – First Aid Measures

Eye / Skin Contact:	Flush with copious amounts of water for at least 15 minutes. Contact a physician if necessary.
Ingestion:	Never give anything by mouth to an unconscious person. If necessary, contact a physician.

Section 5 - Fire Fighting Measures

5.1 Flammable Properties: This water-based material has little potential for fire or explosion

Flash Point:	Not Applicable
Flammability Limits:	
LFL –	Not Applicable
UFL –	Not Applicable

5.2 Extinguishing Media

Not Applicable

5.3 Protection of Firefighters

Not Applicable

Section 6 – Accidental Release Measures

Action to take for Spills/Leaks:	Soak up the material with absorbent and clean area with plenty of water
Disposal Method:	Dispose in accordance with all federal, state and local regulations.

Section 7 – Handling and Storage

Do not get in eyes.
Do not ingest.
Store in original container between 50-100°F

Section 8 – Exposure Control / Personal Protection

Exposure Guidelines:	None established for this mixture
Ventilation:	No special ventilation required.
Eye Protection:	Splash proof goggles should be worn for handling large quantities of material.
Skin Protection:	Wear water impermeable gloves (i.e., latex, neoprene, etc.) for long term contact with large quantities of material.
Respiratory Protection:	None anticipated

Section 9 – Physical and Chemical Properties

Appearance / Physical State / Odor:	Clear, colorless, slightly viscous liquid
pH:	6.00 – 7.00
Solubility in Water:	Soluble

Section 10 – Stability and Reactivity

Chemical Stability:	Material is stable
Conditions to Avoid:	Excessive heat and light.
Incompatible Materials:	Strong Base or Acid
Hazardous Decomposition Products:	Carbon Dioxide, Carbon Monoxide
Possibility of Hazardous Reactions:	Will not occur

Section 11 – Toxicological Information

Acute and chronic toxic reactions are not anticipated as a result of use following package instructions.

Contains no known carcinogens or materials under investigation as potential carcinogens.

Section 12 – Ecological Information

Not Available

Section 13 – Disposal Considerations

Disposal should be in accordance with applicable regional, national and local laws and regulations. Local regulations may be more stringent than regional or national requirements.

Section 14 – Transport Information

The data provided in this section is for information only. Please apply the appropriate regulations to properly classify your shipment.

U.S. DOT Hazard Class: Not regulated as hazardous

UN Number: Not regulated as hazardous

Section 15 – Regulatory Information

Not Available

Section 16 – Other Information

Not Applicable

The information contained in this Material Safety Data Sheet (MSDS) is offered as a guide to the handling of this specific material. It has been prepared in good faith by technically knowledgeable personnel and is believed to be correct as of the effective date listed. Hollister Incorporated shall not be held liable for any damages, losses or injuries of any nature which may result from the use of or reliance upon any information contained in this MSDS.
