

Restore

Cleanser & Moisturizer Skin Protectant

Technical Data Sheet

General Description

Restore Cleanser & Moisturizer gently cleans, moisturizes and temporarily protects the skin against abuse from the environment. Rinsing is not required.

Application

For cleansing, spray Restore Cleanser & Moisturizer over the affected area and gently wipe off with a clean cloth. No rinsing required.

Precautions: External use only. Keep out of reach of children. Avoid contact with eyes. If swallowed, get medical help or contact a poison control center right away. Do not use on animal bites, deep or puncture wounds, and serious burns. Stop use and ask a doctor if condition worsens, symptoms last more than seven days or clear up and occur again within a few days.
