

Restore

DimethiCreme Skin Protectant

Technical Data Sheet

General Description

Restore DimethiCreme Skin Protectant provides a breathable barrier that temporarily protects chafed, chapped, torn, cut, cracked, or exposed skin that may come in contact with harmful substances, such as urine, feces, or wound drainage. Non-greasy, non-staining, and does not contain nut oils.

Application

After cleansing the affected area, apply Restore DimethiCreme Skin Protectant liberally to the area as needed. Repeat as often as necessary.

Precautions: External use only. Keep out of reach of children. Avoid contact with eyes. In case of accidental ingestion, seek professional help. Do not use on deep or puncture wounds, animal bites, or serious burns. If condition worsens or does not improve within seven days consult a physician.
