This intermittent catheter is a flexible tubular device that is inserted through the urethra by male, female and pediatric patients who need to drain urine from the bladder.

- Ready to use, single-use intermittent catheter
- Hydrophilic-coated, phthalate-free catheter
- 2 smooth catheter eyelets
- Color-coded funnel
- Not made with natural rubber latex
- Gripper on 16-inch catheter to aid insertion

**WARNING:** To help reduce the potential for infection and/or other complications, do not reuse.

**WARNING:** If discomfort or any sign of trauma occurs, discontinue use immediately and consult your healthcare practitioner.

**PRECAUTION:** Please consult your healthcare practitioner before using this product if any of the following conditions are present:

- Severed urethra
- Unexplained urethral bleeding
- Pronounced stricture
- False passage
- Urethritis – inflammation of the urethra
- Prostatitis – inflammation of the prostate gland
- Epididymitis – inflammation of the epididymis (testicle tube)

**PRECAUTION:** Self-catheterization should follow the plan of care and advice given by your healthcare practitioner and be carried out only in accordance with the instructions for use provided. Because catheterization frequency varies by person, the recommended frequency of your catheterization should be provided by your healthcare practitioner. For any other questions about your catheterization, please contact your healthcare practitioner.

**CAUTION: Rx Only.** Federal (USA) Law restricts this device to sale by or on the order of a physician or other healthcare practitioner licensed under state law to order this product. Prior to use of this device, be sure to read (i) the complete information on how to use this device including Warnings, Cautions, and Instructions for Use, and (ii) all other packaging inserts and labels supplied with the product.

**NOTE:** Store boxes in a flat position and at normal room temperature.

This product consists of: thermoplastic gripper (16-inch catheter only), polyvinylchloride funnel, and tubing not made with phthalates.
