

March 21, 2019

Dear Valued Customer,

As Hollister Incorporated continues to optimize our wound and skin care portfolio we will be phasing out the following products in our Restore™ portfolio: Restore Silicone Foam, Restore Skin Cleanser Spray, Restore Conditioning Crème and Restore Cleanser & Moisturizer Spray.

We know by eliminating these products efficiently we can help you free up valuable inventory space. The final discontinuation date is July 31, 2019. If a sku sells out prior to July 31, we will provide updates through our Sales and Customer Service team along with a potential substitute product.
